Jarrar,

You have been selected to work with a Senior Manager. Her name is Judy Karsting & she is truly the BEST in the business.

She is eager to get you setup to take advantage of some additional channels to boost your Search Rankings, Listing Quality & to hopefully be featured on the homepage.

We are very excited to see what you can do this year & you will be in VERY good hands!

Judy will also be able to get you setup with your WFS Senior Manager.

I have included her on this correspondence, let her know if you have any questions at all.

Partner ID 10002841596

Thank you!
Mark French

Hi Mark,

Thank you for reaching out.

We are going to have stock for Walmart late september, but my team will work with you to set this up.

Thanks,
Jarrar

Hi @jarrar@targonglobal.com,

Following up on the two updates for your account.

Please confirm [Guides | Marketplace Learn](#) listing upload and your opportunity to send items to Walmart Fulfillment Services [Guides | Marketplace Learn](#).

Do you have time PST to review updates?

Get set up for success in any market

Start selling in the US, then add more markets with the same account.

1. Verify your business

Use our quick-check verification to get verified once and sell anywhere.

2. Add market details

Provide additional information specific to the US market.

3. Manage fulfillment

Select the best delivery methods for your business.

4. Get paid, your way

Tell us where to send payments for your verified business.

5. Set up your catalog

Publish items and add inventory; allow up to four hours for status updates

Set up Catalog

Hi Judy,

We are working on it. We have some changes to the business, so we might need to go through verification again.

who would be the right person to get in touch with to update the EIN and other business details.

Thanks,
Jarrar
